Business Climate Survey

Direct input from Vermont businesses can be the most important factor in shaping legislative and regulatory debates in Montpelier. AIV encourages both members and non-members to complete and submit the survey below. Your information will be kept strictly confidential and used only in the aggregate. Supplemental comments and information are welcomed.

Information gathered through this survey, including employment and payroll aggregates, will add significant weight to pro-business arguments in legislative and regulatory debates. This survey will also help AIV identify and address critical operational issues facing your company and your peers.

If you have any questions or concerns about completing this survey, please do not hesitate to contact William Driscoll at (802) 223-3441 or info@aivt.org. Completed Surveys can be faxed or mailed to the address below.

Thank you for your time and assistance.
